## oval

EO03501

### Overview

Introducing the EO03501 Pail: an oval plastic bucket with a nominal capacity of 3500 ml. The EO03501 Pail features an oval shape and is available with a metal handle, making it suitable for various applications. With dimensions of 239 mm in diameter, 177 mm in width, and 160 mm in height, this bucket offers plenty of storage space for its size. Customise the plastic pail with attractive decoration options. ALPLA industrial manufactures buckets in Hungary. It is available in a minimum order of 1000 units. This durable bucket with a seal lid and universal lid ensures secure closure, making it suitable for food and beverage applications, construction, chemical industry, agriculture and farming, household use, and automotive applications. It is stackable and PCR possible, providing a sustainable packaging solution with a lower CO2 footprint. Contact us for more detailed information and customisation options.
