

20 LITRES

EU-KA20

Overview

Introducing the EU-KA20 Canister: a versatile plastic canister with a nominal capacity of 20000 ml. This canister is ideal for various applications. Customize the plastic canister with attractive decoration options. ALPLAindustrial canisters are manufactured in Austria. It is available in a minimum order of 60 units. This durable canister features a 70 mm mouth and is stackable, making it a practical choice for storage and transportation. It is suitable for food applications, with food approval and UN certification. Additionally, the canister can be made with PCR material, offering a sustainable packaging solution with a lower CO2 footprint. Ideal for markets such as food, construction, chemical industry, agriculture and farming, and household. Contact us for more detailed information and customization options.
