

20 LITRES

EU-KA20

Overview

Introducing the EU-KA20 Canister: a versatile plastic canister with a nominal capacity of 20000 ml. Measuring 65 mm in length, 260 mm in width, and 360 mm in height, this canister is ideal for various applications. Customise the plastic canister with attractive decoration options. ALPLA industrial canisters are manufactured in Austria. It is available in a minimum order of 60 units. This durable canister features a 70mm mouth and is stackable, making it a practical choice for storage and transportation. It is suitable for food and beverage applications, with food approval and UN certification. Additionally, the canister can be made with PCR material, offering a sustainable packaging solution with a lower CO2 footprint. Ideal for markets such as food and beverages, construction, chemical industry, agriculture and farming, and household. Contact us for more detailed information and customisation options.
