

2 LITRES round

EZ02300

Overview

Introducing the EZ02300 Pail: a round plastic bucket with a nominal capacity of 2300 ml. The EZ02300 Pail features a round form and is available with a plastic or metal handle, making it versatile for various applications. With dimensions of 176 mm in diameter and 130 mm in height, this bucket offers plenty of storage space for its size. Customise the plastic pail with attractive decoration options. ALPLA industrial manufactures buckets in Hungary. It is available in a minimum order of 1400 units. This durable bucket with a seal lid ensures secure closure, making it suitable for food and beverage applications, construction, chemical industry, agriculture and farming, household use, and automotive applications. It is stackable and can be made with PCR material, providing a sustainable packaging solution with a lower CO2 footprint. Contact us for more detailed information and customisation options.
