EZ1150

Overview

The EZ1150 is a round plastic bucket with a nominal capacity of 11500 ml. This pail has a round shape with a diameter of 287 mm and a height of 245 mm, and is available with a plastic or metal handle optionally with roller grip or a recessed grip. The plastic bucket can be customized with attractive decoration options. This ALPLAindustrial pail is manufactured in Hungary. It is available from a minimum order quantity of 500 pieces. This durable bucket with a seal lid, universal lid, and waterproof lid ensures a secure closure, making it suitable for food applications, construction, chemical industry, agriculture and farming, household use, and automotive. It is stackable and PCR possible, providing a sustainable packaging solution with a lower carbon footprint. Contact us for detailed information and customization options.
