

20 LITRES round

EZ20000

Overview

Introducing the EZ20000 Pail: a round plastic bucket with a nominal capacity of 20000 ml. The EZ20000 Pail features a round form and is available with a plastic handle or metal handle with roller grip, making it versatile for various applications. With dimensions of 339 mm in diameter and 313 mm in height, this bucket offers plenty of storage space for its size. Customise the plastic pail with attractive decoration options. ALPLA industrial manufactures buckets in Hungary. It is available in a minimum order of 300 units. This durable bucket with a seal lid, universal lid, and shaker lid ensures secure closure, making it suitable for food and beverage applications, construction, chemical industry, agriculture and farming, household use, and automotive applications. It is stackable and PCR possible, providing a sustainable packaging solution with a lower CO2 footprint. Contact us for more detailed information and customisation options.
